Predictions Are Made on Ohio Assembly

Final 2-Week Session To Start Today for State's Legislators

By ART PARKS
COLUMBUS, Ohio (AP)—Some good bets as the Ohio legislature enters probably the last fortnight of its regular session:

Republican lawmakers probably will go along with the two-year-old pleas of Democratic Gov. Michael V. DiSalle for elimination of sales tax stamps.

DiSalle probably will lose again on his attempt to get a criminal conspiracy law on the books, even though the House has passed such a bill for the second straight session.

Republican legislators probably will toss to DiSalle an unemployment insurance rate increase for employers to bolster the sagging benefits fund, but tacked onto the measure will be a handful of provisions to stiffen eligibility requirements.

The Republican Senate will turn a deaf ear to walls of protest from the DiSalle administration and cut the \$2 billion state budget even more than the \$26 million already hacked out by the House.

Bolstered by a 115 million saving resulting from elimination of sales tax stamps, Republicans will make an effort to exempt prescription medicine from the sales tax, a move which would cost the state treasury an estimated \$3 million in the next two years.

A new lobby control measure, while it may pass the House, probably will die in the last minute Senate shuffle.

The lobby bill comes up for a floor vote in the House today or tonight after being held over from Thursday's calendar for further study by Speaker Roger Cloud. It applies to attempts by public officials to influence legislation in addition to lobbying by private individuals.

The bill to increase employer contributions to the dwindling jobless benefits fund also is up for a floor vote in what promises to be one of the longest floor sessions of the year. House passage will send it to the Senate.

The new legislative week, 24th of the session, also will see the House Finance Committee start work on a \$120 million capital improvements bill proposed by the DiSalle administration.

The legislative week, which probably will extend through Friday as lawmakers put on a drive to finish their work by June 24, also may see the Senate Finance Committee finish its pruning job on the big money bill of the session.

A bill to exempt prescription medicine from the state's 3 percent sales tax is scheduled for a floor vote in the House Tuesday and hurry-up consideration by Senate committee. If the bill makes the legislative grade, it will be the only sizable tax reduction produced by the Republican legislature which followed the 1959 Democratic assembly's tax-increase program of about \$312 million.

Cincinnati Glad To Welcome Ike

CINCINNATI (AP)—Several thousand persons braved mid-day humid heat in the mid-80s today to welcome Dwight D. Eisenhower at Lunken Airport as the former president paid his first visit to Cincinnati since the 1952 campaign.

The former president came here to be the guest of honor tonight at a \$100-a-plate Republican fund-raising dinner.

Accompanying him was Sen. Thurston Morton of Kentucky, who recently retired as Republican national chairman. Morton will be principal speaker at the dinner.

Navy Grid Star Weds

WINCHESTER, Mass. (AP)—Newly commissioned Ens. Joe Bellino, Navy's All-America football star, is honeymooning today with his high school sweetheart the former Ann Tansey. They were married Sunday.

Teen-Age Gls Tell Of Slaying 7 in Half-Dozen States

SALT LAKE CITY, Utah (AP)—Two calm teen-agers, swapping quips about the electric chair, offhandedly spun a tale Sunday of murder in half a dozen states.

"It didn't seem to bother them one way or the other," said Colorado Sheriff W. H. Terrill. "I mean, no more than what you'd think about going out and shooting a rabbit."

The two, George R. York and James D. Latham, said there had been those two women in Florida, that man in Louisiana, the man in Tennessee, two men in Illinois, one in Kansas, then that girl in Colorado.

They reckoned it eight people, six states, eight notches carved in the handle of one of their pistols.

Except that the man in Louisiana—they only learned this last weekend survival.

Terrill was one of the law officers who talked Sunday with York, 18, of Jacksonville, Fla., and Latham, his 19-year-old Army chum from Mauriceville, Tex. So did two men from the Kansas Bureau of Investigation. So did FBI agents. To all, the AWOL youths talked freely and willingly signed statements.

The two are held, under \$10,000

U.S. Shuns Red Germany Plan

Soviet Proposal Asks For Final Peace Pact

WASHINGTON (AP)—Secretary of State Dean Rusk says it's obvious the United States does not agree with the latest Soviet proposals on Germany and Berlin.

Rusk told newsmen Sunday night "anything involving Germany and Berlin is something that will have to be discussed with other governments." Other U. S. officials reported consultations would proceed with Britain and France, the two other West Berlin occupation powers, and with West Germany and others.

President Kennedy will bring up the Soviet proposals when he meets at the White House today with Italian Prime Minister Amintore Fanfani. Italy is one of America's North Atlantic allies.

The Soviet proposals were contained in a memo which Moscow made public Saturday. The Soviets had handed the memo to U. S. officials at Vienna a week ago following Kennedy's meeting with Soviet Premier Khrushchev.

Khrushchev called for an immediate peace conference on Germany. The conference would write a peace treaty to fix Germany's irrevocable borders, make West Berlin a demilitarized "free city," end the allied occupation of Berlin and turn over control of its lifelines to the East German Communists.

If the West does not want an immediate conference on Germany, Khrushchev said, then West and Communist East Germany should work out a settlement themselves in six months.

The Western allies have long held that a German peace treaty can be written only by the war time coalition that defeated Hitler's Germany and a freely elected government representing all of a reunited Germany. They steadfastly have refused to sit down at a conference table with East Germans.

Accompanying him was Sen. Thurston Morton of Kentucky, who recently retired as Republican national chairman. Morton will be principal speaker at the dinner.

bond apiece, on federal vehicle theft charges.

"They talked as if they might have robbed a peanut machine," said one law officer who questioned them. "There wasn't any remorse. They even laughed at some of their victims."

Sheriff Terrill agreed.

"They joked about the death penalty," he said. "One said to the other he'd have to go first to that hot seat. The other said, 'No, we'll both go together.'"

York and Latham were arrested Saturday, at a roadblock west of Salt Lake City, in a bright red car which had belonged to one of the victims.

Here's the chronology, as officers pieced it together:

May 27—Edward J. Guidroz, 43, was slugged with a wrench and left for dead beside a graveyard near Baton Rouge, La. Motive robbery. He survived, though he is hospitalized in critical condition. Sunday night from his hospital bed he identified an Associated Press wirephoto of York as one of those who attacked him.

May 29—Mrs. Althea Ottavio, 43, and Mrs. Patricia Anne Hewitt, 25, both of Valdosta, Ga., were found strangled by some of their own clothing near Jacksonville, Fla. They had been robbed.

June 6—The two tried to stop a car near Aiken, S. C., but the driver kept going. Four shots were fired at the car.

June 7—John A. Whitaker, 71, a Negro railroad porter, was robbed of about \$40 and his car, then shot to death at Tullahoma, Tenn. Guidroz' truck was found abandoned near the body.

June 8—Albert E. Reed, 35, Litchfield, Ill., was shot near Edwardsville, Ill., and robbed of his pistol and bright red car. Seven miles away, service station operator Martin Drenovac, 69, Granite City, Ill., was found beaten to death. He had been robbed.

June 9—Otto Ziegler, 62, a railroad roadmaster, stopped to help two youths apparently having trouble with their car. He was forced to drive to a lonely spot, robbed, walked to a railroad track. Then he was asked if he had any more money. He said no, and was shot.

June 10—Rachel Marian Moyer, 18, doing summer work as a hotel maid, met two boys at a carnival in Craig, Colo. She offered to show them a good fishing spot and, once there, was robbed and told to start walking. As she strode angrily away, she was shot three times.

Dynamite Blasts Rip Tyrol Area

BOLZANO, Italy (AP)—Violent pre-dawn explosions ripped half a dozen communities of the disputed South Tyrol today, spreading darkness and terror in the area. A later explosion killed a road worker.

Police said the road worker had found a dynamite charge and was about to report to police when it exploded. He was the first fatality of a long-smoldering dispute between Italy and Austria in which extremists demand that Italy grant autonomy to the large German-speaking population.

The blasts destroyed a number of steel and concrete towers supporting electric lines.

Ohio Traffic Kills 14

COLUMBUS (AP)—Ohio's week-end traffic took at least 14 lives in addition eight died in miscellaneous accidents.

\$6.14 Billion Housing Bill Is Up for Vote

Passage Expected In Senate; House Gets It Next Week

WASHINGTON (AP)—The \$6.14 billion housing bill comes up today for final passage in the Senate.

Administration forces showed in a marathon session last Thursday and early Friday they had the votes to pass the bill with practically all of President Kennedy's recommendations included.

No further amendments to the bill will be permitted, but some sharp attacks on it are expected before the roll call. The measure will be sent to the House, which may take it up next week.

The bill contains new authorizations for a wide variety of programs designed to clear slums and help rebuild the nation's cities, to provide more college dormitories, to help veterans obtain housing, to improve mass transit systems and to build housing for the elderly.

Als included are two new administration programs aimed at helping moderate income families find homes and at modernizing old housing with liberal, long-term loans.

With passage, the Senate will have acted on four of the big five measures President Kennedy placed on his 1961 legislative priority list.

The three cleared previously are depressed areas, minimum wage, and public school aid. The first two have been signed into law. The House has not yet debated the school bill.

The fifth, a health care program for the aged under the Social Security System, seems likely to go over to 1962.

However, an administration-backed and house-passed bill broadening the present Social Security law is expected to be approved and sent to the floor Wednesday by the Senate Finance Committee. Among other things, it would permit men to retire at 62. Women now can do this.

The Senate is scheduled to pass Wednesday or Thursday the highway financing bill carrying funds and new authorizations to complete the interstate system by 1972. This also has cleared the House.

Expected protracted debate on Kennedy's foreign aid program, however, is expected to be a major factor in keeping Congress here at least until Sept. 4.

Over the weekend, Senate Democratic Leader Mike Mansfield of Montana said he now is willing to settle for adjournment by Labor Day. Mansfield had hoped for adjournment by Aug. 1.

Mansfield also said on a radio interview that proposals to recess Congress for a few weeks each summer should be given consideration. His party colleague in the House, Speaker Sam Rayburn of Texas, has labeled such proposals "nonsense."

The House is to act today or Tuesday on the appropriations bill carrying funds for the White House and the Commerce Department.

Lightning Kills Dog, Stuns Young Master

INDIANAPOLIS, Ind. (AP)—Lightning struck a youngster and his pet cocker spaniel as they romped Sunday in the front yard of the boy's home. The boy escaped with burn his dog died.

Patrick Conner, 13, was holding a metal leash while the 2-year-old dog, Lucky, played at his feet, when the bolt struck. It knocked the boy down and tore off his trousers.

The spokesman made his disclosure in commenting on stories in the New York Times and Wall Street Journal on the possible government move.

The spokesman added that Loevinger did not make clear which properties the government might seek to split off from the parent firm.

The decree is an alternative to a civil suit in which the government would ask relief from the collusive and monopolistic practices of which GE and 28 other electrical equipment manufacturers were convicted earlier this year.

The companies and 45 persons were fined nearly \$2 million for conspiring to fix prices, rig bids and allocate markets.

AN Ashville-area farmer declared that he was glad to see all this rain. "It's good for the corn . . . (Continued on Page 2)

Army Rebukes General For Calling HST 'Pink'

KINGSTON PIKE CRASH — The driver and passenger of this auto were reported in fair condition today in Berger Hospital. The driver said he lost control of the convertible yesterday while attempting to change his shirt. The accident was on the Kingston Pike two miles southeast of here.

(Photo by Beaver Studio)

Two Are Injured In Crashing Auto

Two local teenagers were taken to Berger Hospital at 2:50 p. m. yesterday following a one-car crash on the Kingston Pike, about two miles southeast of here.

James Robert Allen, 16, of 120½ W. Main St., driver of the auto was admitted to Berger Hospital and treated for fractures of both arms and head and internal injuries.

Gary Harrison, 17, of 220 Third Ave., a passenger, was admitted

and treated for internal injuries. Both youths were reported in "fair" condition at noon today.

Deputy Sheriff Neal Childress said the auto was demolished. He said the crashing vehicle tore down about 10 rods of fence and clipped off five fence posts.

CHILDRESS reported the late-model convertible, traveling south of the Kingston Pike at a high rate of speed, went out of control, skidded about 175 feet on the highway and rolled over once. He said it hit the ditch, flipped end-over-end and landed on its top.

According to the report, the local youths had been swimming and were pleasure riding before returning home. The driver said he was taking off his shirt just before the accident. He said the shirt blew over his face, cutting off his vision and causing the car to go out of control.

GE Breakup Is Talked by Government

NEW YORK (AP)—General Electric Co. said today the government has raised the possibility it might go to court to break up G. E., world's largest electrical goods manufacturer.

The company said its representatives were told of the possibility last week by Asst. Atty. Gen. Lee Loevinger in discussions on a proposed consent decree to end a price-fixing conspiracy case.

The talk of a divestiture proceeding followed GE rejection of the government-drafted decree as foolhardy and impossible of fulfillment, a spokesman said.

The spokesman made his disclosure in commenting on stories in the New York Times and Wall Street Journal on the possible government move.

The spokesman added that Loevinger did not make clear which properties the government might seek to split off from the parent firm.

The decree is an alternative to a civil suit in which the government would ask relief from the collusive and monopolistic practices of which GE and 28 other electrical equipment manufacturers were convicted earlier this year.

The companies and 45 persons were fined nearly \$2 million for conspiring to fix prices, rig bids and allocate markets.

British, Soviet Experts Seek To Track Venusnik

JODRELL BANK, England (AP)—British and Soviet scientists begin a full-scale joint effort Tuesday to track down signals from the Soviet Union's lost Venus rocket.

The Venusnik was launched Feb. 12 and was intended to reach the vicinity of the planet three weeks ago. The Soviets hoped it would pass within 60,000 miles of its mist-shrouded target before going into orbit.

Lima Ad Salesman Dies

LIMA, Ohio (AP)—Bill Ammon for many years associated with the Lima News advertising department, died Saturday.

Laos Peace Talks Resume

Soviet Concession Accepted by West

GENEVA (AP)—The Western nations returned to the East-West conference on Laos today after winning a comparatively meaningless concession from the Soviets.

The International Control Commission also reported it had appealed to the rival factions in Laos to get truce teams to the scene of reported fighting. The pro-Communist rebels previously had refused, but one report said a team now would be allowed to visit Padong, which Pathet Lao troops took from the royal government's forces Wednesday.

The Soviets agreed to join the British in another appeal to the warring factions in Laos to stop the sporadic fighting and cooperate with the International Control Commission.

The Soviets and British, co-chairmen of the conference, made a similar appeal April 24, before the cease-fire was proclaimed.

At American insistence, leaders of the Western delegations had said earlier they would not take up the talks again until there was an effective cease-fire.

One Western diplomat said it was a concession on the part of the Soviets to admit the cease-fire is not effective in Laos. Some observers said the West was back where it was when it broke off the talks last Wednesday after forces of the pro-Communist Pathet Lao overran a royal government outpost at Padong.

The decision to resume the conference was reached in discussions between Soviet Foreign Minister Andrei Gromyko and the chief Western delegates — America's Averell Harriman, France's Jean Chauvel and British Foreign Secretary Lord Home.

A British spokesman said developments had taken place in Laos which indicated that the International Control Commission is operating on its own initiative. He would not explain.

The truce group has been unable to operate effectively in Laos because the Pathet Lao has refused to let it move freely in territory the Reds control.

Chamber Sets Member Drive

The Circleville Area Chamber of Commerce will launch an intensive membership drive here tomorrow.

Bob Litter is chairman of the committee directing the drive. Unit leaders are W. Joe Burns, David Yates and Leo Morgan.

Board members will assist with the drive. Final reports will be made this week.

According to Litter, unit leaders and board members will canvass assigned sections of the city.

Walker Loses New Command

Remarks to Troops Labeled Injudicious

WASHINGTON (AP)—The Army today rebuked Maj. Gen. Edwin A. Walker for labeling as pinks or Communists former President Harry S. Truman, other leading Democrats, and segments of the U. S. press and radio-TV industries.

Along with rebuking Walker, the Army canceled his pending assignment to command the 8th Corps at Austin, Tex., and ordered him to remain in his present post "pending eventual reassignment within the United States."

Secretary of the Army Elvin J. Stahr Jr. announced "the admonishment" of Walker for "taking injudicious actions and for making derogatory public statements about prominent Americans while in command of the 24th Infantry Division in Germany."

The Army said the admonition was administered to Walker by Gen. Bruce C. Clarke, commander in chief of Army forces in Europe.

The investigation stemmed from charges published by the Overseas Weekly, a privately owned tabloid newspaper widely read by U. S. servicemen in Europe.

The paper said that Walker used the 24th Division's troop information program to subject his troops to propaganda of the Birch Society.

It also said that he told an American P-TA meeting in Augsburg that Truman, Eleanor Roosevelt, and former Secretary of State Dean Acheson were "definitely pink."

In the same speech, the paper said, the 51-year-old general said 60 per cent of the American press and radio-TV industry are Communists. And it alleged he described as "confirmed Communists" Edward R. Murrow, now director of the U. S. Information Agency, and columnist Walter Lippmann and Eric Sevareid.

The Army said that administrative admonitions are not intended as punishment or penalty, but are "corrective measures more analogous to instruction."

However, the Army said the significance of an admonition "in this particular case is greatly increased by public announcement that such action is being taken."

At the time Kennedy ordered the investigation in mid-April, Walker was relieved as commander of the 24th Division and assigned to a staff post at Army headquarters in Heidelberg.

He had been scheduled, before the storm broke, to take command of the 24th Division.

Niagara Falls Claims 4 in Boat Mishap

NIAGARA FALLS, Ont. (AP)—Four persons died Sunday night when a small motorboat carrying them on an outing capsized in the rapids above Niagara Falls and plunged over the edge.

Two women and a man were swept over the brink of the cataract and dashed into the mass of rocks and churning water 162 feet below.

The other man was sucked through the intake of a power plant.

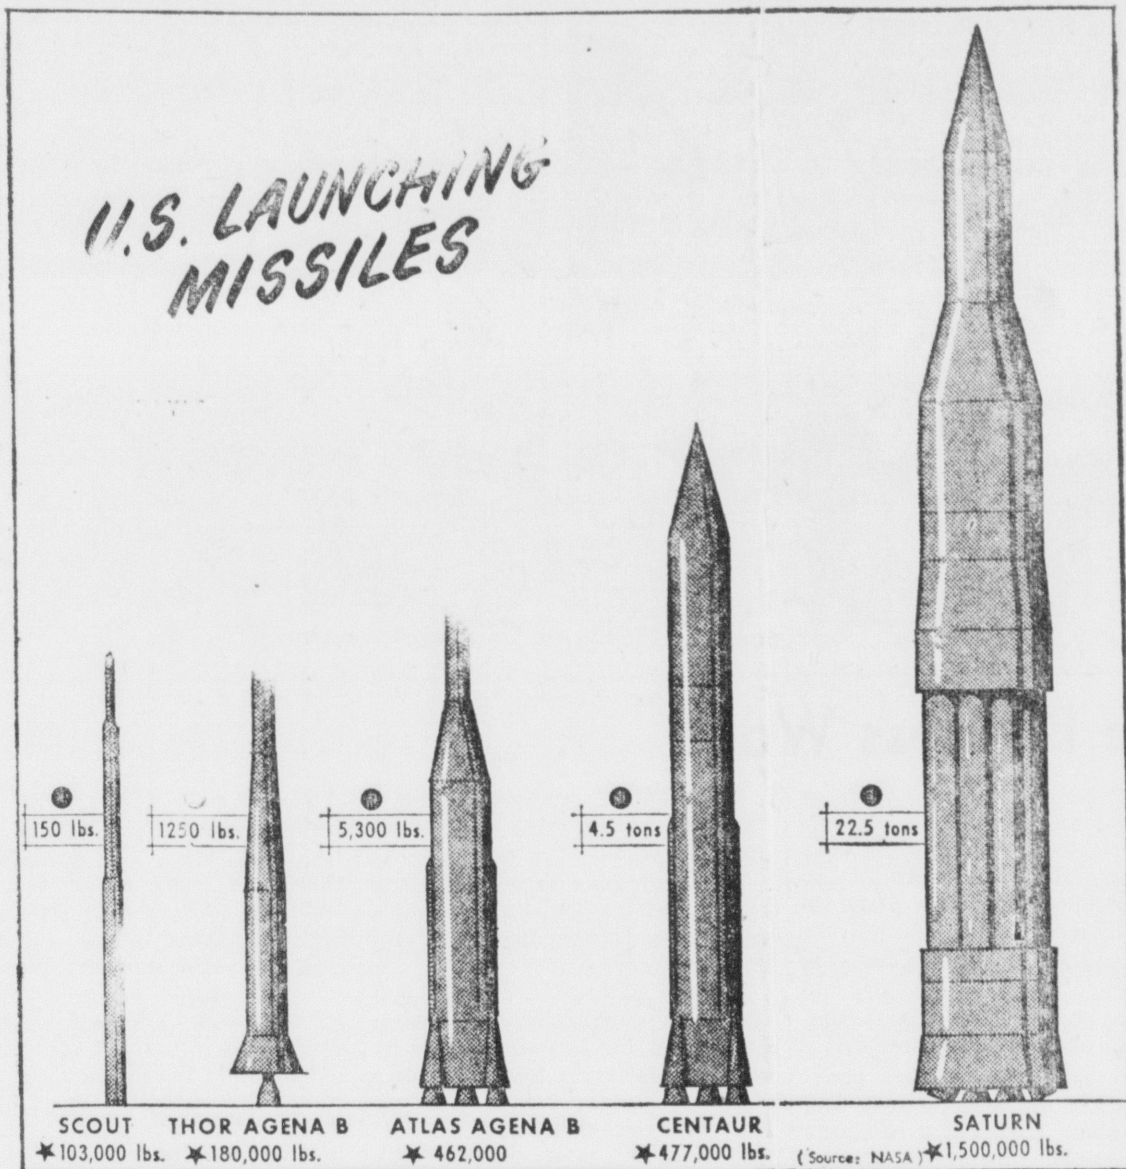

Killed were George Stewart, 49, a druggist from Ridgeway, Ont.; his wife, Jean, 44; and Stanley Tessonman and his wife, Gladys, of 252 Leroy Ave., Buffalo, N. Y.

Crowds of sightseers at the famous tourist attraction watched in helpless horror as the tragedy began to unfold two miles up the Niagara River.

The boat, apparently hit by engine trouble, drifted through a gate of the Ontario hydrocontrol dam which stretches more than halfway across the river from the Canadian side.

In all the history of the falls, only one person is known to have survived an accidental plunge over the brink—a boy who fell over last year.

U.S. Needs Time, Money To Match Soviets in Space

By SID MOODY
AP Newsfeatures Writer

It's colorless. You can't touch it. Or even smell it.

But that endless nothingness called space is suddenly a paramount matter of national policy, a vacant arena where we have suffered sharp setbacks, a void the government is worriedly hastening to fill with men, missiles and money.

So are the Russians. And the huzzahs for Cmdr. Shepard haven't chased away one persistent fact that circles overhead like a buzzard:

The Soviet Union can put far bigger loads in space than the United States can. This is an important head start, a 10-run lead in the first inning.

What does this lead mean militarily? Does it end the space race — and perhaps us—before it has scarcely begun?

How did they get ahead? Can America catch up? Is our space program in wasteful disarray?

There are not pat answers. Expert opinions often conflict. But here is a box score of top opinion:

First the military significance.

Unpromising Future

Shortly after the Russian cosmonaut Yuri Gagarin orbited the world April 12, Rep. James Fulton (D-Pa.), a member of the House Committee on Science and Astronautics, issued a disturbing warning Russia's ability to orbit a man indicates, Fulton said, that in four years time they could ring the world with a system of satellites ready to dart armed destruction on the United States at a button's push.

We would only have two minutes warning, he said. We now count on 15-20 minutes notice of missile attack from our radar network.

A satellite bombardment system would require great booster power to orbit it. That the Russians have. It also would require a high order of stability in space to keep its shooting eye accurate. U. S. experts doubt Russia has such stability — now.

The United States' current Discoverer series employs the same principle as an attack satellite. Both eject an object back to earth. So far the United States has not been able to keep up a satellite longer than three days with the

stability to return accurately a capsule. And even though planes have caught several capsules in air, the target area has covered hundreds of square miles, too large for military practicality.

How are the Russians doing in this field? They returned Gagarin but so far as the United States knows, they have no comparable satellite recovery program to the Discoverer series. The Pentagon feels, at worst the United States is no less than even with them on satellite stability.

But Maj. Gen. John B. Medaris, retired commander of the Army team that developed the highly successful Redstone missile, while agreeing, notes the larger the booster the greater amount of stabilizing equipment that can be carried aloft.

No Immediate Threat

Dr. Hugh Dryden, deputy administrator of the National Space and Aeronautics Administration (NASA), testified recently it was debatable whether Russia would risk the great cost and uncertainties at this time of a bombardment satellite system when it's much cheaper and more reliable to use conventional ground-to-ground rockets.

In sum, the Pentagon does not fear satellite attack as an imminent threat.

But there is other military use for a satellite than bombardment. "In time of total war," says Medaris, "anything can be a military advantage, even the ability to get more bread out of the same amount of wheat."

Accurate weather forecasting is an immense asset to modern warfare. So is air reconnaissance and communications. The United States has shot up satellites that can gauge weather, photograph the earth, relay messages.

Have the Russians? The United States doesn't know. Russia hasn't said.

But their big booster advantage means they can put up much heavier, detailed and reliable equipment than we can and do it faster — if they have it. And there's no reason to think they don't.

The United States has had to miniaturize its space eyes and ears at a cost of time, money and

reliability because of its lack of a big booster.

Russia's booster edge is "just as much a military advantage as being able to look down a cannon at us," Medaris says.

In fact, he added, the sky's the limit on military use of space. It is limited only by "the imagination of the user and the ability of the other side to defend against (them)."

Seeking a Defense

Can the United States defend against satellites? Some day, quite possibly. Now, no.

The Air Force has under study a project called SAINT. SAINT is a bloodhound of space, a satellite shot up to trail and report on other satellites from a point about 100 feet to the rear.

Also under study is a devastating Air Force project with the kindly name of BAMB! designed to swoop down from orbit on detecting the launching exhaust of an enemy rocket and destroy it. BAMB! and SAINT, one Pentagon official said, indicate that "the defensive uses of space for the next few years seem to be more attractive than the offensive."

Yet it is from such defensive abilities that the game could be lost. "The lesson is that through and from space, earth can be dominated," Air Force Secretary Eugene M. Zuckert has said.

Uneasy over Russian superiority is manned space flight. Brig. Gen. Don Flickinger, head of the Air Force Life Science program, said the Soviet Union could use it "to deny space to any of our vehicles in the relatively near future."

He gave no details. But if we can develop a BAMB!, there's no reason Russia can't.

Why Go to the Moon?

Medaris feels any space vehicle with "the discriminating capa-

Kempton Cows Rated High

Commander Blonde Linda and Souvenir Victress, registered Jersey cows owned by Donald H. Kempton, Williamsport, have recently completed production records giving them "Cow Power" index ratings.

The index, compiled by the American Jersey Cattle Club, indicates how many times their body weight in milk the cows have produced during recent lactations.

Commander Blonde Linda produced 11,062 pounds of milk and 714 pounds of fat in 297 days for a rating of 12.2.

Souvenir Victress topped these figures, producing 14,061 pounds of milk and only 612 pounds of fat in 305 days. This gave her a rating of 16.5.

According to AJCC spokesmen, these figures were proof that "A dairy cow does not have to be big to be efficient and profitable."

Walkaway Patient Hurt In Duel with Officer

COLUMBUS, Ohio (AP)—A policeman and a walkaway patient from Columbus State Hospital exchanged shots on a rooming house staircase Sunday, and the patient was seriously wounded. Police said Lt. Sanford Lee, who fired his riot gun at the man, was not hit by the latter's shotgun blast. The man, identified as Richard Thompson, 50, was hit in the groin and reported in poor condition at Grant Hospital Sunday night.

Police said Lee and other officers had gone to the rooming house where Thompson lives on a complaint that the man was menacing tenants with the shotgun. Lee and Thompson met on the staircase and each shot once.

"We can see how it could be an advantage to have a man up there," said one Pentagon spokesman, "but we're not too sure just what he could do there. We're studying it."

He added: "Military tactics always stress the value of holding the high ground. Certainly no ground is higher than space."

True. And the Russians have shot a man higher than the United States.

Harsha Reports

Congressman Blasts Flood Of Free Red Mailing in U.S.

Congressman William H. Harsha Jr. (R-Ohio) has blasted the Communist Party for its contempt of decisions by the U. S. Supreme Court and has called for an investigation of the flow of Red propaganda into this country.

Rep. Harsha has requested the House Un-American Activities Committee to investigate the mailing of Communist propaganda to the United States from Red dominated countries.

Harsha said: "The recent announcement by the head of the Communist Party in this country that the Communist Party will not comply in any way with the United States Supreme Court ruling that the Party must register as a representative of a foreign power should arouse the ire, to say the least, of all red-blooded Americans."

"This despicable contempt for our laws and Supreme Court cannot be tolerated for one minute. Unfortunately, we have not been overtly blessed with favorable decisions by the Supreme Court in our fight against Communism. Now that we have a helpful decision it behooves each of us to support it to the limit and to see that the Communists comply with this decision to the letter."

"Mr. Gus Hall, the Communist Party's general secretary said the Party will launch 'an all out political and educational campaign, to save the Bill of Rights.'"

"Already the Communists have launched an all out political and educational campaign in this country with the unwitting help of the law."

Harsha said the U. S. Code authorizes free 2nd-class mailing privileges for the dissemination of the information of a public character, or devoted to literature, sciences, arts or some special industry. This applies not only to mail originating in America but to mail of foreign origin.

Under the auspices of this statute the United States Post Office Department has been delivering free of charge literally tons of Russian propaganda, marked 'educational literature,' he added.

The U. S. Taxpayer is paying the

freight on this literature designed to undermine the very thing we hold dearest, our freedom, the representative added. He continued:

"Until recently the federal government intercepted mail entering from Communist dominated countries and seized some of it as propaganda. This procedure was halted by executive order on the theory that it was of no help to U. S. intelligence agencies. It was also pointed out that Secretary of State Dean Rusk was concerned about its effect on efforts to improve cultural exchanges with Communist countries."

"I submit that there is nothing cultural or educational about Communist propaganda designed and dedicated to warp the minds of Americans into accepting and approving the Communist philosophy."

"This is not a two-way exchange of culture and good will. It is a cancerous unilateral wedge deftly used by the Communists to assist them in their effort to destroy the United States."

"And now, with the announcement by Mr. Hall of his additional educational and political program there is more reason than ever to bring a halt to these mailings and enforce the decision of the Supreme Court."

"I have sent a request to Representative Francis E. Walter, Chairman of the House Un-American Activities Committee, to fully investigate this matter with the thought in mind of providing Congress with a full report and recommendations as to how to cope with this situation."

Trachoma Drug Sought

One of the most common maladies in the poor and crowded areas of the world is trachoma, a virus disease that attacks the eyes and eventually blinds the victim.

Although rare in the United States, the disease is a heavy scourge in the Orient, the Middle East, and Africa. In some North African villages, as many as 90 per cent of the natives have trachoma.

Scientists have recently found a new drug which has potentially greater capacity to halt the trachoma virus, but other researchers offer little hope than an anti-trachoma virus will be developed in the near future.

Every Home Needs Oikologist

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail.

What is home without an oikologist? That is the U.S. government's job title for a housekeeper.

Note to Sunday drivers: America now has 3 1/2 million miles of roads. So why crowd?

New York City probably has the world's largest subsurface working population. About 400,000 people here earn a living underground doing everything from running subways to hunting rats, from selling newspapers to accepting bank deposits.

People of genius sometimes meet bizarre deaths. Example: Sherwood Anderson, pioneer Midwestern writer of realism, died after swallowing a toothpick.

Our quotable notables: "Be virtuous and you will be happy; but you will be lonesome, sometimes." —Bill Nye.

A land on more and more wheels: Detroit is our motor capital, but cars are put together now in 41 of our states. And one out of

six workers gets a paycheck from some facet of this industry.

You're never too old to learn. Today more than half a million folks in the 30-to-70 age bracket have gone back to school. Some are studying how to retire, others are training themselves in new skills. And isn't there a great human majesty in sunset citizens who have the courage to seek a fresh purpose and a new dawn?

Hint to wives: "Marriage is like a bottle of champagne. It lasts longer when you keep the mouth closed."

Restless America has never accepted the historical thesis that its frontier was closed. Doesn't every change bring another frontier? Last year about 36 million Americans—one out of five—moved to a new residence. We are still a nation on the march.

Executive signs: On the desk of Irving J. Bottner, shoe polish firm president: "Don't wear out your welcome. It's impossible to replace."

Tip to mothers: Raise your

child to be a scientist. The average pay of a scientist in 1960 was \$9,000.

Every girl who gets engaged thinks she wears a perfect diamond. The truth: only one per cent of diamonds are flawless.

Wisecrack of the week: Singer Genie Pace says you can always tell a bachelor from a married man—one is cagey, one is caged.

More than 1 1/2 million Americans are named Smith, and John is the favorite first name in the English-speaking world. But the most popular name on earth is Mohammed, spelled in many ways.

You think ballet dancers are sissy? The great Vaslav Nijinsky alone was able to perform the "entrechat dix"—crossing and uncrossing the feet 10 times in a single leap, try it yourself in front of a mirror. What is your score?

It was Johann Wolfgang von Goethe who observed, "There is nothing more frightful than ignorance in action."

High Tariff Is Domestic Problem

The high tariff was a capitalistic device to build the new and infant industries of the United States. It was Alexander Hamilton, back in the days when George Washington was President, who wrote a report on manufacturers that laid the foundation for our national economic policies. The tariff was not devised only to bring money into the Treasury but even more to protect the industries from being drowned in a sea of imports.

In recent years, American management has sought foreign markets and has even exported capital and machinery abroad. However,

the worker cannot export his job. He either works here or he is out of a job. This has given concern to many labor union officers who see their industries destroyed by the course of events. The tariff on the glass industry has since 1948 been cut from 60 per cent to 14.8 per cent with the result that the plate glass in the United States is undersold by European and Japanese producers who have gained about one-third of the domestic market.

Enoch R. Rust, International Second Vice President of the United Glass and Ceramic Workers, quotes the interesting statement of Rene Lambert, a Belgian producer of sheet glass:

"American companies, not knowing when the strikes were going to be settled, placed orders and covered their requirements for an indefinite period with the foreign manufacturers and, consequently, imports continued at higher than normal level during the first nine months of 1960."

From the labor union standpoint this interferes with the union's ability to strike and therefore with its very existence. Of this Rust says:

"When men hit the streets, they hope to win their fight because the struck company or industry can no longer turn out the goods they had been producing. Retail customers can't buy. Industrial customers can't buy. And so they put pressure on the owners to meet workers' demand."

When, however, the goods can be picked up in Belgium or Japan from twelve to nineteen per cent less than the American price, the strike in the United States becomes purposeless because the goods can be obtained elsewhere. From the standpoint of the labor union, the imported goods become a strike breaker.

This raises a great many questions of union membership, the standard of living of American workers, the sociological problems of unemployment or partial unemployment and so on. Some doubt the intensity of unemployment because they discount the factor of partial employment which can disturb the economics of a family as much as full unemployment.

According to Rust:

"Last year, 7,000,000 boxes of sheet glass were imported into the United States. That's the equivalent of 3,700,000 hours of lost work for American glass workers and approximately equal to the annual production of three United States sheet glass plants."

"Or to put it another way, if that sheet glass had been made in the United States, 1,900 sheet glass workers would have been employed to make it."

This is the gist of our present industrial problem. The economist wonders how a creditor nation can

NOTICE TO CONTRACTORS
STATE OF OHIO
DEPARTMENT OF HIGHWAYS
Columbus, Ohio, May 26, 1961
Contract Sales Legal Copy No. 61-5001

Sealed proposals will be received at the office of the State Highway Director of Ohio, Columbus, Ohio, until 10:00 A. M., Ohio (Eastern) Standard Time, Tuesday, June 27, 1961, for improvement in:

Proposals Nos. 1 to 6 inclusive, as shown on the plans, are offered as one project and will be awarded as one project.

Delaware, Franklin, Marion, Morrow, Pickaway and Union Counties, Ohio, on various Sections of U. S. Route Nos. 2, 3, 37, 61, 229, 257, 315, 521, 605, 565 and 7 in Delaware County; U. S. Route Nos. 2, 3, 104, 161, 237, 315, 665, and 674 in Franklin County; U. S. Route Nos. 23, 305, and State Route Nos. 4, 95, 98, 203, 529, and 746 in Marion County; U. S. Route Nos. 305 and 42, State Route Nos. 19, 61, 95, 97, 229, 314, and 529 in Morrow County; U. S. Route Nos. 22, and 23, State Route Nos. 56, 138, 277, 316, 361, 674, and 752 in Pickaway County; U. S. Route Nos. 23, 305, and 42, State Route Nos. 4, 31, 37, 38, 47, 161, 275, 347, 736, and 739 in Union County, by painting existing guard rails.

"The date set for completion of this work shall be as set forth in the bidding proposal."

Bidders must apply on the proper forms, for prequalification with the Highway Credit Examiner, at Columbus, Ohio, at least 10 days before the date set to open bids.

The minimum wage to be paid to all labor employed on this contract shall be in accordance with the "Schedule of Prevailing Hourly Wage Rates Ascertained and Determined by the Department of Industrial Relations applicable to State Highway Department Improvements in accordance with Sections 4115.03, 4115.04, 4115.05, 4115.06, and 4115.07 of the Revised Code of Ohio."

The bidder must submit with his bid a certified check in the amount of \$750.00.

Plans and specifications are on file in the department of highways and the office of the division deputy director.

The director reserves the right to reject any and all bids.

"Well, of all the dirty tricks!"

Try and Stop Me
—By BENNETT CERF—

A WORLD-FAMOUS director tried in vain to cajole a star into throwing himself down a mobile staircase. Finally he exploded, "You coward! I'll show you myself how easy it is."

After his demonstration, while still lying at the foot of the staircase, he sneered at the star, "Well, do you think you can do it now?" "I guess so," said the star reluctantly.

"Okay," said the director. "Go ahead. And while you're at it, tell somebody to call for an ambulance. I've broken a leg."

Harry Ramsay discloses the dilemma of a motorist in Arkansas who stopped before a lone, dilapidated shack in a clearing and asked the immobile oldest son chewing tobacco on the caved-in porch, "Have you any idea how I can get from here to a place called Gravelpit?" The oldest meditated briefly, then advised, "Yup, I have. Mister, don't you move a darn inch."

A Bowdoin sophomore called to his buddy across the hall, "Hey, Daly, your laundry's back." "Some service," approved Daly. "I only sent it in this morning." "That's right," agreed the sophomore. "The laundry refused to take it."

Inside You and Yours

By BURTON H. FERN, M.D.

An unit flashlight guided Bill through the darkness!

He wasn't blind — he was sleeping! Now, asleep, he could slip out of his conscience and do in that TV set which had been grating on his nerves for days.

This then is our most serious domestic problem we face and it does not seem possible that it can be solved without protecting American prices within the United States. On the other hand, this country has made numerous commitments against a high protective tariff. Here is an obvious conflict between a social and a political solution to a very serious economic problem.

Letter to The Editor

I wonder if the "Tractors for Prisoners" deal rigged up by Castro and fallen for by Milton Eisenhower, Walter Reuther and Eleanor Roosevelt could be made to work the other way.

Why not accept from Cuba a few tons of sugar for Milton Eisenhower, a few barrels of rum for Walter Reuther and a handful of cigar seconds for Eleanor Roosevelt?

We know that we are not actually holding any of these three as prisoners, but the Communists insist that they are out to "liberate" all Americans from capitalistic tyranny.

George W. Forquer

FIRE NO CEASE—In command behind the Red-supported rebel lines in Laos is Capt. Kong Le, shown at his Xieng Khouang headquarters in early June. He is the para-troop officer who sparked the revolt and who presumably has a lot to do with the firing that fails to cease.

Sleepwalking plays mainly teen-agers and young adults. When a psychiatrist helps the sleepwalker relax, he gently loosens up enough to stay in bed all night.

Don't be afraid of waking a sleepwalker. You won't harm him unless he's teetering delicately on the third floor banister. You don't want him to wake up, look down and fall!

Of course, if you can get him back to bed without waking him, he won't have to twist and turn to fall asleep all over again. Talent

THANK AND A WAY TIP TO NELSON STARR, JR., 75 CLEARVALE DR., CHEEKTOWAGA 25, N.Y.

The Business World
By Sam Dawson

NEW YORK (AP) — Women stock buyers are like men investors, traders or speculators—only more so. They are prone to the same foibles, but more prone to some than are men.

The ladies are susceptible to speculative fever—especially to tips that come from dinner companions or cocktail gossipers.

They are sentimental about "stocks my husband thought well of" or about stocks of a company whose president they've met or whose products they like.

All the above is the opinion of a man, naturally, and one in the investment counseling business.

He is Howard F. Wortham, president of Trainer, Wortham & Co., a New York counseling firm since 1924. He is quick to add that everything he says about women with money to invest can also be said about men.

But as owners of a large percentage of the nation's wealth, women are becoming increasingly prominent in capital investment, stock ownership and, in stock trading. Hence, how the female behaves when managing this considerable portion of the nation's private capital is more and more a concern of the menfolk in the investment business—and of the nation, too, for that matter.

"There are some women now who are highly skilled in the handling of investments but the percentage is still small," Wortham said in an interview. "Women tend to be more extreme than men, either excessively conservative or over inclined to speculate."

There should be no such things as Iffis and Hers portfolios—although sometimes there seem to be. Wortham says the basic needs are the same—either high current income, or maximum appreciation through growth as a hedge against further inflation, or a combination of both according to the requirements of the individual.

Missing Ingredient

DES MOINES, Iowa (AP) —The suburban Urbanews recently published notice of the first practice for the Urbandale softball team. The paper neglected to identify the team as a girls' outfit.

Quite a few males showed up—but not one girl, so the workout was postponed.

WHEN THEY BLOW UP, THEY BLOW UP!—The smoke and flames are so thick and spread out where that advanced Atlas blew up on its launching pad at Vandenberg Air Force Base, Calif., that you can hardly see gantry crane (lower right). No lives lost, however.

Rapid Improvement Is Seen In U.S. Economic Recovery

NEW YORK (AP) — The economic recovery is rolling along and expectations are mounting of a rapid improvement later in the year.

The gross national product (GNP) — total of all goods and services—may be setting a record in the current quarter ending June 30.

Walter W. Heller, chairman of the Presidents Council of Economic Advisers, said the GNP for the quarter might reach an annual rate of nearly \$510 billion. It was a little under \$500 billion in the previous quarter.

Heller said that by the final quarter the rate may be \$530 billion.

The National Association of Purchasing Agents reported that new orders, production and employment kept on increasing in May.

Producers of machine tools,

construction equipment and other manufacturing machinery equipment predicted a good gain in sales by the fourth quarter. This was despite indications that investment for new plants and equipment is not speeding up.

The National Retail Merchants Association surveyed its membership of 11,500 department, specialty and variety stores and found high optimism about prospects for the second half of the year. The majority of merchants look for a four per cent gain in sales and a five per cent increase in profits.

The First National City Bank of New York commented that the industrial performance in the last two months has "erased any lingering doubts that the economy is in a very encouraging rebound from recession lows."

Dr. Marcus Nadler, economic consultant to the Hanover Bank of New York,

said he expects a "moderate recovery" but that "no major boom is in the making."

The momentum of recovery has aroused anxiety in the Kennedy administration that it will bring a revival of inflation.

Heller said direct price or wage control is not under consideration, barring a wartime situation.

Presidential assistant Walt Whitman Rostow asserted: "As we go into the new wage negotiations, the question is whether we will negotiate our way into inflation or whether we can exercise discipline without wage and price controls."

With labor contract negotiations nearing in the automobile industry, General Motors, Ford and Chrysler omitted the usual annual raises June 1 for 138,000 salaried employees not covered by union contracts.

Automobile production moved up during the week to an estimated 128,000, passenger cars. This was only 8.7 per cent below the comparable 1960 week, one of the year's slimmest margins.

The industry was particularly happy about sales in May. The 537,825 cars sold was the biggest monthly total of the year. This brought dealers' new car stocks down to about 900,000, lowest since last October.

Harold C. Lumb, vice president of Republic Steel Corp., predicted steel production will increase steadily and should approach record heights in the near future.

The Memorial Day holiday halted the 11-week rise in steel output but the decline was only 1.2 per cent below the previous week.

Prices of stainless steel and oil-country pipe were reduced. The industry publication, Iron Age considered it a dampening effect on the likelihood of any general price rise in the near future.

Moving against another segment of the electrical equipment industry, the government's Anti-trust Division obtained price-fixing indictments against six companies which produce transmission equipment.

The firms are Oliver Electrical Manufacturing Co., Battle Creek, Mich.; Utilities Service Co., Allentown, Pa.; McGraw-Edison Co., Elgin, Ill.; Joslyn Manufacturing & Supply Co., Chicago; A.B. Chance Co., Centralia, Mo.; and Hubbard & Co., Chicago.

R. Sargent Shriver Jr., director of the Peace Corps, called on business and labor to make manpower available to help undeveloped areas of the world.

The immediate general reaction was favorable.

Camping Season in Swing At Miska for Girl Scouts

The camping season is on for local Girl Scouts.

Mrs. John H. Kerns of Tarlton, site chairman for Camp Miska, reports that several troops have been using that facility. Miska is one of the six areas within the Ohio Trefoil Girl Scout Council area which is maintained and used for troop camping.

Girl Scout officials said much effort is required each spring to prepare these camping areas for summer use. Volunteers working with Mrs. Kerns at Miska this year have been Mrs. Robert Hinton, George Hamrick and Mr. Kerns.

During the past week 26 local Intermediate Scouts along with a group from Ashville participated in a three-day camping experience at Camp Ken-Jockey near Alton.

THIS group included Sally Barnes, Carla Dennis, Sandy May, Judy Perkins, Lorna Poling, Patty Robinson, Keitha Wagner, Patty Colman, Janice Perdon and Linda White of Troop 482; Joyce Keaton and Juanita Johnston of Troop 796; Anne Spicer, Marilyn Bingham, Christine Goeller, Connie Lindsey, Mary Anne Yates, Martha Brobst, Linda Bockrath and Cynthia Porter of Troop 784; Betsy Hamrick, Paula MacKenzie, Sandra Porter, Barbara Rackett and Pabby Vaughn of Troop 425.

Kentucky Governor To Attend Ohio Event

HAMILTON, Ohio (AP) — Gov. Bert T. Combs of Kentucky is expected to attend the Kentucky Folk Festival at the Butler County Fairgrounds Sept. 16. The Rev. T. J. Steenberger, festival chairman, said Sunday the governor will attend the annual festival which was started two years ago to enable Kentucky natives in the Hamilton area to renew acquaintances and enjoy folk lore.

Grand Jury Eyes Vice Case

Federal Panel Studies Ratterman Episode

LEXINGTON, Ky. (AP)—A federal grand jury today took up the case of northern Kentucky reform candidate George Ratterman, who claims he was framed to wreck his campaign.

The probe, ordered by the U.S. Justice Department after Ratterman's arrest last month, is to determine if his civil rights were violated when he was arrested in a Newport hotel room.

Ratterman, who said he was drugged, is running for Campbell County sheriff as an independent candidate.

He was charged with breach of peace, disorderly conduct and resisting arrest after Newport detectives arrested him in a room with strip tease dancer Juanita Hodges.

The charges were dismissed in Newport Police Court after a commercial photographer testified he had been asked to take pictures in the hotel under what he called strange circumstances.

Thomas Paisley, a Medina, Ohio, businessman, and Newport nightclub manager Tito Carinci have been charged with conspiring to frame Ratterman, by a Campbell County Grand Jury.

Their trial is slated June 19. Both denied the charge.

Ratterman, a former Cleveland Browns football player, said he did not believe Paisley, whom he calls a friend, was involved.

During his police court trial Ratterman testified he thought Carinci or someone at Carinci's direction drugged him before the arrest.

For years Newport has been a wide-open spot for gambling and prostitution, with dozens of establishments selling liquor openly at all hours and on Sundays.

Carinci is manager of the hotel where Ratterman was arrested. He, Paisley and Ratterman had been drinking together before the arrest, and officers said Carinci tried to stop the detectives from taking an elevator to the room where Ratterman was found.

Detectives said they made the arrest after an anonymous telephone caller said there was prostitution at the hotel.

Carinci was charged with breach of peace and the strip tease with prostitution. The charges are still pending. The dancer was subpoenaed to appear before the grand jury.

CFD Called to Theater

Circleville Firemen were called to the Grand Theater, 203 N. Court St., at 2:35 p. m. yesterday to investigate a short circuit in a popcorn machine. No damage was reported and the movie continued on schedule.

The World Today

WASHINGTON (AP) — President Kennedy's rest these past few days with his aching back gave him time to wonder whether he is trying to do too much by himself.

He is a must-do and must-see kind of president.

In his case it means reading four newspapers a day, going through reports himself, rounds of conferences with his aides, using the telephone to get answers, endlessly meeting people, making speeches and, more recently, going places.

But in doing so much by himself he has used up a good deal of time which might have otherwise been spent reflecting on problems here and overseas.

His European trip, made primarily for conferences, took an extravagant toll of his hours and energy with speeches, banquets, public appearances, and wreath-laying.

Roman Church Cardinals Due For Parley

VATICAN CITY (AP) — A central committee of cardinals opens a 10-day conference here today to prepare for the Ecumenical Council of the Roman Catholic Church. Pope John XXIII heads the committee and expects to preside at most of the sessions.

The Ecumenical Council, which will be the church's 21st such worldwide gathering, is still at least a year away.

It will be the first since 1870, when the church lost the city of Rome to invading troops of what was becoming modern Italy. The 20th council, then in session, was adjourned.

Despite the loss of Rome and of the papal states that once were spread over a large part of central Italy, the power and influence of the church has grown.

Today, it has a membership of nearly a half billion and diplomatic relations with about 50 nations. The Roman Catholic Church stands as one of the major forces against the threat of atheistic communism.

The church's senate—the College of Cardinals—has, under Pope John, been expanded far beyond its old limit of 70. It now has 84.

Since the last Ecumenical Council, the college has seen the addition of Negro, Japanese, Chinese, Indian and Filipino cardinals — making it representative for the first time of all the major races.

All of this group are among the 50 cardinals on the central committee. Others include Francis Cardinal Spellman, archbishop of New York.

The general discussion is calculated to assist Pope John in formulating a decree setting forth the council's procedure.

Miss Leona Wise, Mr. Shook United in First EUB Church

MRS. E. GRAHAM SHOOK

Miss Leona R. Wise and Mr. E. Graham Shook were united in marriage at 2:30 p. m. yesterday at the First EUB Church.

The Rev. O. F. Gibbs performed the double ring ceremony before an altar decorated with palms, carnations, gladioli, pom-poms and seven branched candelabras.

The bride is the daughter of Mr. W. Jasie Wise and the late Mrs. Iona Wise. The bridegroom's parents are Mr. Eliff D. Shook and the late Mrs. Frances Shook, Liberty, Ind.

Mr. Montford Kirkwood Jr. accompanied by Miss Lucille Kirkwood sang "I Love You Truly," "Because," "O Perfect Love" and "The Lord's Prayer".

The bride, escorted by her father, approached the altar in a gown fashioned with rosepoint chantilly lace designed with a basque bodice and long sleeves that tapered to points over the hands.

Billowing over an old fashioned hoop was a bouffant skirt with tier upon tier of ruffles that cascaded down the back and on top to form a chapel train.

The fingertip veil of French illusion was caught to form a chapel train. The only jewelry was a single strand of pearls which the groom brought from Japan.

The bride carried a white testament topped with a white orchid and streamers and a white handkerchief that her mother and grandmother had carried in their weddings.

Mrs. Donald Johnson, sister of the bride, served as matron of honor. Bridesmaids were Mrs. Thomas Bozman, and Mrs. William Jones, sisters of the bride and Miss Delores Mavis.

All attendants were attired in identical street length gowns of several pastel shades with rounded necklines, cap sleeves and full skirts featuring a cummerbund with a bow in the back. They wore necklaces and earrings, gift of the bride. White gloves and shoes with gold tassets completed their costumes.

They carried white fans with centered carnations to match each shade of blue, maize, lilac and mint dress.

Junior bridesmaids were Misses Pamela Benton and Sharon Benton, nieces of the groom. They were attired identical to the brides-

maids except they chose light pink dresses.

Miss Christine Dumm, flower girl, wore a white organza dress similar to the attendants. She carried a basket and dropped petals in the pathway of the bride.

Mr. Elden Shook, brother of the groom, served as best man. Ushers were Donald Johnson, Thomas Bozman, William Jones, Robert Benton and Malcolm Benton.

For her granddaughter's wedding, Mrs. Irene Lanman wore a street length navy blue crepe dress. Her corsage was of white carnations.

Following the ceremony, a reception was held in the First EUB Service Center. A traditional five tier wedding cake centered the bridal table flanked with two white candles.

Hostesses were Mrs. Elden Shook, Mrs. Robert Benton, Mrs. Shook Dumm, Mrs. Arthur Wilkin and Mrs. Kelly Allerman. Miss Barbara Benton presided at the guest book.

For their wedding trip through the eastern states, Mrs. Shook was attired in a pastel blue chiffon and lace dress with white accessories. The white orchid from her bridal bouquet served as her corsage.

The new Mrs. Shook is a graduate of Circleville High School and was employed by Clifton Motor Sales, Inc. as a secretary.

Mr. Shook served four years in the U. S. Air Force and is a graduate of Purdue University where he earned a Bachelor of Science in chemical engineering degree. After he graduates in July with his Master of Science degree he will be employed by the Union Carbide Co., Charleston, W. Va.

The couple will temporarily live at Purdue University and later will move to Charleston.

Out of city guests were from Ashville, Stoussville, Hilliard, Amanda, Newark, Columbus, Lancaster, and Springfield and others came from Liberty, Elmore, Indianapolis, West Lafayette and Lawrence, Ind. and from Michigan.

Delicious with roast lamb: sliced cucumbers and onions in a marinade of vinegar, sugar and salt. If you like, you can dilute the vinegar with cold water.

Mrs. White Feted at Layette Shower

Mrs. Jack McGuire and Mrs. Robert Tatman were hostesses Friday evening, at 833 Atwater Ave., for a layette shower for Mrs. Frank White, Chillicothe. She is the former Patsy Neff.

Gifts were assembled around a table centered with a stork and pink and blue streamers.

Games were played with prizes going to Mrs. William Yaple, Mrs. Cora Neff, Mrs. Herbert Greish-eimer and Mrs. Hibert Graves.

A dessert course was served to Mrs. Ralph Blaum, Mrs. Elizabeth Graves, Mrs. Hibert Graves, Mrs. William Yaple, Mrs. Herbert Greish-eimer and Mrs. F. O. White, Chillicothe.

Mrs. Cora Neff, Mrs. Sandra Miller, Mrs. E. O. Neff, Mrs. Keith Bidwell, Mrs. William Brown and Mrs. Richard Davis, Circleville. Gifts were also sent by Mrs. David Winks and Mrs. Gary Burmaster.

Personals

Mrs. Blanche Smallwood, 215 W. Mill St., returned yesterday from a visit of several days with her son and daughter-in-law, Mr. and Mrs. J. P. Smallwood, and their three children, Pittsburgh Pa.

Richard Thomas Greene, son of Mr. and Mrs. Austin J. Greene, Route 2, has successfully completed his course in Senior Business Administration at Bliss College. He was graduated June 2, 1961, and will be associated with the F. W. Woolworth Company, Columbus.

Jack and Ronald Crawford, Mt. Sterling, have been admitted to Fayette Memorial Hospital Washington C. H.

Mr. and Mrs. William Edmonson, New Holland, have chosen the name Brent William for their son, born in Fayette Memorial Hospital, Washington C. H.

Pythian Sisters

To Meet Thursday

Pythian Sisters of Majors Temple 516 will meet at 8 p. m. Thursday in the K of P Lodge. Initiation and a covered dish dinner will be held.

For a change from the omnipresent tossed green salad made with raw vegetables, cook a package or two of frozen mixed vegetables, marinate in a peppery French dressing and chill; serve on lettuce.

Dear Abby...

By Abigail VanBuren

Mum's the Word, Honey!

DEAR ABBY: I am a 35-year-old widow. Until very recently I was dating a nice widower. He gave me a big rush and some lovely gifts. I was expecting him to propose and I really grew to like him. Then he told me he wouldn't think of marrying me until he was sure we were "compatible" in every way. You know what I mean. Naturally, when he found out he couldn't get what he wanted, he stopped seeing me. I felt so hurt to think he was like all the rest.

I had praised him to all my friends, and now the question is, what can I tell my friends when they ask why we weren't going together any more?

HURT AND DISAPPOINTED
DEAR HURT: Real friends would not embarrass you with such a cruel question. To the others, simply reply, "All is fair in love and war, and this is a military secret."

DEAR ABBY: My little five-year-old boy is deathly afraid of dogs and cats. I can't understand how he got this way, but it is getting to be a terrible problem. He refuses to stay outside alone for fear a dog (even a small one) or a cat will come near him.

When I take him downtown and he sees a dog or cat, he screams so loud people run out of the stores and even stop their automobiles to see who is being mugged. I have to pick him up and carry him until the animal is out of sight. I didn't mind when he was smaller, but he is too heavy

for me to carry now. What shall I do, Abby He is driving me crazy.

UPSET MOTHER

DEAR MOTHER: Take your son to a pet shop where he can see the new-born kittens and the tiny puppies. When he becomes more familiar with these animals, he will realize there is nothing to fear. He probably was terrified by an animal when he was very young, and must now be helped to overcome his fright.

DEAR ABBY: I'm 13, but am been going with boys since I was 12, but my parents will not let me go out with boys in uniform. I think this is very unfair, and would like to have you tell them so in your column. Thank you.

MATURED 13

DEAR MATURED: You may be "mature for your age," but in my opinion a 13-year-old girl is too young to be going with boys in or out of uniform.

DEAR ABBY: I am Spanish and the custom of my country is to wear the flower stems up and the flower "looking down" when the girl is single. That means she is "looking". When the girl is married, she wears her corsage stem down, with the flowers "looking up."

ES VERDAD

Everybody has a problem. What's yours? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif. Be sure to enclose a stamped, self-addressed envelope.

Local DAR Members To Be London Guests

Mrs. Harry Pugsley, Regent of the London Chapter DAR will have as her guests Wednesday: Mrs. Richard Hedges, Ashville, regent; Mrs. Clarence McAbee, vice regent; Miss Marie Hamilton, state chairman of tellers; of the Ohio Society DAR Mrs. Charles Pugsley, Circleville and members of the Pickaway Plains Chapter, DAR.

Old Archie To Tour Europe, May Stage Bout with Inge

NEW YORK (AP)—Old Archie Moore, co-owner of the world light heavyweight title, humorist, philosopher and actor, will take his varied act to Europe this summer for a series of bouts that may include a climax, a \$1-million fight with Ingemar Johansson.

The Methuselah of the ring and his agent, Jack (Doc) Kearns, outlined Archie's plans following

the champion's lop-sided decision victory over inept Giulio Rinaldi at Madison Square Garden Saturday night.

"Doc and I are going to tour the Scandinavian countries, fighting a few exhibitions, and maybe a couple of 10-round fights," said Archie today. "Then we'll see what we can stir up."

Kearns had been in communication with Swedish promoter Edvin Ahlquist before the Rinaldi fight and he has most arrangements set for the trip.

A remarkably alert fellow himself at 77 or so, Kearns said he may leave Wednesday for Stockholm to nail things down. He said he planned three or four fights for the 44-plus Moore, leading up to a title defense against Lennart Risberf, if the young Swede gets by Willie Pastrano of Miami Beach in Stockholm, July 2, and then Johansson, the former world heavyweight champion.

"If we get past Johansson, we might wind up with Floyd Patterson again," (Moore was knocked out by Patterson in 1956 for the vacant heavyweight title).

How about Harold Johnson of Philadelphia, the NBA's light heavyweight champion?

"If they come up with the right kind of money, about \$100,000 or so, we'd fight him or anybody," Moore knocked out Johnson in the 14th round Aug. 11, 1954, and has beaten him five times in six fights.

Archie, in his first defense of the 175-pound crown in 22 months, had one streak broken. He had flattened the last six of his title opponents.

Going the distance was the only feat to Rinaldi's credit, outside of his prodigious ability at the dining table. The 26-year-old Italian looked like a rank amateur against a sub-par Moore after gaining the lead through the first four rounds of the slow starting champion, the young husky from Andio showed nothing but gameness and a post-fight appetite.

Moore chopped up his wild-swinging, bewildered rival with an assortment of blows. At the finish Giulio was bleeding from cuts around both eyes and from a possibly fractured nose.

The flat-bellied champion was 174½ pounds to Rinaldi's 173½. A crowd of 9,500 paid \$46,269 although the fight was telecast locally as well as nationally. With TV paying \$150,000 Archie received \$100,000 and Rinaldi \$25,000.

Local Drivers Win at Scioto

A crowd of 8,080 harness racing fans had an opportunity to see some Pickaway County driving talent at its best Saturday night at Scioto Downs.

Forrest Short drove Jet Pride to second position in the third heat. The placement was worth \$12 and \$6.60. In the sixth, Short guided Carolyn Volo to third place to pay \$3.80.

In the same race, Emmitt Ebenhack piloted Jerry H. to the front position to return \$4.80, \$2.80 and \$2.60 on the 2:03 4-5 triumph.

American Wins Le Mans Road Race

LE MANS, France (AP)—For a man who had just finished one of the most harrowing endurance auto races of the year Phil Hill talked like he'd just been driving around the block.

But the Santa Monica, Calif., native did a little more than that during a 24-hour period from Saturday through Sunday morning. He and Belgian Olivier Gendbien won their second Le Mans 24-hour endurance race as a team when they piloted their Ferrari 2,782.19 miles, 49.39 miles further than has ever been covered in the event. And they averaged a splendid 115.92 miles per hour in the process.

Neff 3-Hits Hamilton

Stonerock's Splits Weekend Doublebill with Ohio Champs

Paul Neff's three-hit shutout hurling and timely hitting by a trio of Stonerock's TV batters gave the Circleville squad a split in two games with Hamilton here Saturday.

Neff's whitewash job came af-

Ladies Playoff Set Thursday On PCC Links

An estimated 80 women golf enthusiasts will tee off at 8:30 a. m. Thursday to compete in the annual Ladies Invitational Golf Tournament at Pickaway Country Club.

Mrs. Lemuel Weldon, coordinator of the event, made the prediction on the basis of invitations already accepted by out-of-city clubs.

Ladies from Scioto, Brookside, Sunbury, Walnut Hill and London Country Clubs had indicated they will play in the tourney. These, combined with "about 25 or 30" local representatives will bring the total field to the 80 figure. This is about normal, Mrs. Weldon added.

The day will open with a breakfast at 8 a. m., and the first contestants will blast off a half-hour later. Handicaps will be in effect throughout the tournament, Mrs. Weldon noted.

THE playoff, biggest single event of the summer women's golf season here, has become widely known throughout the Central Ohio area.

Prizes will be awarded to the winners, Mrs. Weldon commented. Final rounds are expected to be concluded around 2 or 3 p. m. Thursday.

CLUB SHOTS

BY BOB BISCOTTI

Pickaway Country Club Professional

Two teams tied for first place Sunday in the best ball of four some event with eight under par 64's.

Included were Tom McGuire, Bill Heiskell, Art Marshall and George Fuhrman on one team and Rick Spires, Dick Heckert, Steve Brudzinski and Pat Yates on the other.

Spikes and Fuhrman tied for medalist honors, each with a 2 over par 74. Runners were Heiskell with a 76 and Heckert an 80.

Harry Metier won the free case of soft drinks with a shot stopping 30 inches from the pin. As luck would have it, he missed the birdie putt.

Local players are ready and able for their role of representing PCC in the Southeastern Tournament scheduled Saturday and Sunday at the Fair Greens Country Club in Jackson. The popular tourney, played for more than 25 years, has always been an 8-club event until last year when Pickaway CC was voted in.

Each club sends a 10-man team and the winning squad is determined by taking the six best 36-hole totals from the 10 - men teams.

Representing Pickaway will be Bob McFadden, Tom Eveland, Bob Moon, Tom McGuire, Steve Helwag, Dick Heckert, Rudy Chelkowski, Dean McFadden, Jack Gilbert and Bill Lyle. Bill Eddy will make the trip to play in a senior division.

There also will be a Pro-Am on Friday preceding the tournament. Rick Spires, Tom Cassidy and yours truly will participate in this one.

er the Champion Paper nine edged Stonerock's 5-4 in the opener of the Ohio Fastball League twin-bill.

The locals oulhit the defending state softball champs 6-5, but lost the scrap on errors. TV committed four boots while Hamilton was guilty of only one. In coping the win, the visitors made only one earned run while all of Stonerock's counters were earned.

Hamilton opened action with a single run in the top of the first. Kenny Reid held the paperman at bay until the third frame when they took advantage of Stonerock errors to register two more.

THE TV team retakated with a pair of markers in its half of the third on a homer by Fred Davis. Champion counted single tallies in the fifth and sixth stanzas to end its scoring.

Stonerock's threw a scare into the Hamilton crew with a two-run uprising that chased starting pitcher Marvin Flynn in the sixth. Fannia came in to squelch the rally though, and held on for the 5-4 final.

Don Neff, Carl Gulick and Jack McGuire had singles for the losers. Davis contributed a one-baser along with his home run and Harold Gulick blasted out a triple in three attempts.

Curtis, Wilhelm, Holstein, Brunner and Hehl knocked singles for the winners.

Reid fanned four and walked three in losing. Flynn and Fannia each whiffed a pair and walked one, with Flynn receiving credit for the triumph.

The second contest was a different story. Stonerock's again poked out a half-dozen blows and this time played one-error ball.

THE Hamilton attack, deprived of gift runs, couldn't get moving against Paul Neff and marked only three hits the entire contest.

Stonerock's opened with two runs batted in by Don Morrison in the second frame. Things went quietly until the fifth when the Circleville squad again hit the scoring paths by two more counters on doubles by Bob Glick and Davis.

The best counterattack Hamilton could muster was a harmless late-inning double by Jones. Smith and Murphy struck singles to account for the only other loser's hits.

For the Pickaway Countians, Glick and Morrison recorded two hits each, Davis blasted a double and Neff boosted his own cause with a single.

Neff fanned three and issued a trio of free passes. Johnson walked two and whiffed one in losing the contest. Fannia, his reliever, struck out five and walked two.

Stonerock's next contest sees the squad pitted against Falter's in a Columbus "A" League battle Wednesday at Southview Park in the capital city.

Falter's holds down first place in the loop with a 5-0 ledger. The locals are pressing close behind with a 4-1 mark, good enough for a second place tie with the B & B Restaurant outfit. The Harley Davidson nine rounds out the top pack with a 3-2 billing.

Johnny Green, 6-foot-5 corner man, will be back with the New York Knickerbockers for his third season next fall.

The Los Angeles Angels have three Brooklyn natives on their roster. They are Jerry Casale, Ken Aspromonte and Eddie Yost.

Three Squads Grab Triumphs

Most Early Games To Be Rescheduled

"Rain has really fouled us up," was the comment of Youth Baseball Program co-director Roger Bennington in reviewing the last of games washed out last week.

Bennington said a complete slate of makeup contests will be worked out as soon as managers can be contacted.

In re-scheduled action Saturday, the Jaycees dropped IOOF, 9-8, in a Little Minor League scrap. The Herald defeated Purina 4-3, in the majors and C of C's outfit turned back Kiwanis, 2-1 in Babe Ruth major competition.

Ty Ankrom had three hits and a good day on the mound for the Jaycees. Dennis Melson backed him with a pair of blows.

Ed Dennis blasted out a trio of hits and Archer added two in the losing IOOF effort.

DANNY GIBBS came through with a triple and single and Joe Winner contributed a pair of one-baggers as the Herald edged Purina. Mac Bethel was the winning hurler.

Doug Pontious belted a home run and a double and Jeff Steel hit two singles for the Ralston squad.

The Chamber of Commerce team got its winning runs in the first frame on a single by Garry Betts, a walk and two Kiwanis fielding miscues.

Wendell Lovett, losing hurler, no-hit the victors the last six innings. Kiwanis mustered its only two hits of the tilt in the second inning, using singles by Howard Dade and Dave Green wrapped around a walk and stolen base for their counter.

C of C moundsman Chet Hill also recorded six no-hit stanzas.

Trapshooting Interest Said Higher in Ohio

MIDDLETOWN, Ohio (AP) — State trapshooting contests this year have been so successful that the Grand American at Vandalia in August may attract almost 2,600 contestants, according to Lon C. Hammock, president of the Amateur Trapshooting Association.

Hammock, of Dayton, made his prediction after the end of the 75th annual Ohio Trapshoot at Middletown Sunday. Sharpshooters from 10 other states and Canada took part here. The handicap trapshooting championship was won Sunday by Claude Freeman of Oregon after a shootout between five men who tied at 98 of 100.

Freeman broke 25 straight to emerge at the head of the field of 618. Leonard W. Peterson took second place after missing one. Ned Berlet of Wapakoneta and Robert White of Xenia each missed two to tie for third.

Berlet proved to be best marksman of the four-day event, missing only 23 of 700 targets.

The women's handicap championship was won by Gloria Friml of Dayton who broke 93 targets. Mrs. Van N. Marker of Versailles was second with 90.

The singles title went to Roy D. Frazer of Hamilton. He broke 199 of 200 targets Saturday, then won a shootout with Dick Downing of Akron and Dale Miller of Ashville. Downing was second, Miller third.

Miller had won the doubles championship the previous day with a 96.

The women's singles was won by Mrs. Marker who broke 192 targets.

Redlegs Cop Doubleheader, Take Over NL First Place

By THE ASSOCIATED PRESS

Cincinnati swept into first place Sunday in the National League, sweeping a doubleheader from St. Louis 6-2 and 9-3. The twin triumphs put the Reds four percentage points over Los Angeles.

The Dodgers gave up ground grudgingly, defeating Philadelphia 6-3 in their single game. It was the Dodgers' sixth straight triumph over the Phillies.

Pittsburgh downed the third-place San Francisco Giants 8-4 and Milwaukee was held to a split in its doubleheader with Chicago. The Braves won the opener 8-4 but lost the second 5-3.

Freese was the batting star of the Reds' double triumph over St. Louis. The third baseman hit a two-run homer in the first game, his 12th of the season, and drove in four runs in the second game with a pair of singles. With the score tied at 3-3 in the eighth Freese slammed a bases-loaded single off reliever Lindy McDaniel to complete the Reds' sweep. Rookie Hunt pitched an eight-hitter in the opener for his sixth triumph.

The Dodgers Sandy Koufax pitched his sixth consecutive victory, all games complete, with a five-hitter against the Phillies. Wally Moon helped him with a home run, his 14th, and a run-scoring single. Lee Walls drove in all Philadelphia runs with a three-run homer.

A four-run second inning, at the expense of Billy Loes, and three home runs—by Smokey Burgess, Bob Skinner and Rocky Nelson—against Jim Duffalo in the third, was more than enough for Vern Law to pick up his third Pittsburgh triumph. Law was relieved by Bob Friend after he had been clipped for a home run by the Giants' Matty Alou.

Richie Ashburn's two-run triple for Chicago was wasted in the opener but in the second game, he hit a two-run single that accounted for the winning runs, giving the Cubs their split with the Braves. Warren Spahn, pitching two scoreless innings in relief, was credited with his seventh victory of the season and the 295th of his career in the opener.

Catcher Joe Torre drove in the winning run in the ninth but Spahn made sure by adding a

three-run homer.

Reserve outfielder Chuck Essegian drove in five runs with a pair of homers in the first game and doubled home the winning run in the ninth inning of the second as the Cleveland Indians swept a Sunday doubleheader from Kansas City, 7-3, and 4-3.

The double victory boosted the Indians' first place lead over Detroit to a game and a half as the Tigers were held to a split by the Washington Senators. The Tigers had to go 11 innings to win the second game 7-3 after losing the opener 7-3.

The New York Yankees climbed to within a half game of the Tigers by sweeping a pair from Los Angeles 2-1 and 5-1. Boston defeated Minnesota 8-2 in the first game but the Twins won the second 10-5. Baltimore beat Chicago 8-2 in their first game, with the White Sox winning the second 7-1.

Home runs were responsible for the Yankee victories. Yogi Berra smashed two in the first game for both Yankee runs. Roger Maris hit his 19th and 20th in the nightcap and Mickey Mantle hit his 18th. Right-handers Ralph Terry (4-0) and Roland Sheldon (3-2) were the winning pitchers.

Chuck Estrada of Baltimore stifled the White Sox with three hits in the opener, one until two out in the ninth. Ronnie Hansen drove in three Oriole runs with three singles. Billy Pierce hurled a six-hitter and first baseman Roy Sievers got four hits and three RBIs in the White Sox second game victory.

Rookie Don Schwall pitched his fifth Red Sox victory without a defeat although he had to leave in the seventh inning of the first game because of a muscle spasm

in his back. Two home runs by Don Buddin and one by Jackie Jensen accounted for all Boston's runs. Harmon Killebrew and Bob Allison homered and drove in three runs apiece as the Twins won only their third game in the last 20.

8 The Circleville Herald, Mon. June 12, 1961
Circleville, Ohio

FEUD KEEPS CAR IN GARAGE-Hayward, Calif., neighbors Bud Jordan and Norman Vierra have been feuding over a disputed property line for five years. Jordan had been putting up wooden fences on "his" property line. Vierra and previous tenants next door (left) kept complaining and the fences kept coming down. Finally, Jordan sank eight iron pipes in concrete beginning at Vierra's garage (arrow) along "his" property line. There may be no more fences torn down, but Vierra's car is in the garage.

NEW YORK (AP) — The Ed Sullivan Show will celebrate its 13th anniversary next Sunday. Some of those early "Toasts of the Town" shows, the program's name for years, probably would look simple and stark now, but they aren't much different, at core, from today's.

Sullivan's magic recipe for longevity is fool-proof and unbeatable. He puts on a vaudeville show each week—a variety of different acts and a lot of star names. You may not enjoy every act, but no one holds the stage long. You just wait and see if you like the next one better.

During the past season, the show has been fancied up with production numbers and, too often, unimaginative but elaborate sets. In the old days, the talent performed in front of a plain curtain or the drill teams marched around an unadorned stage. The frills undoubtedly are a large item in the weekly budget, but they really don't add a thing to the program.

John Daly and NBC have not been able to reach an agreement in negotiations for the "What's My Line?" host to take over Dave Garroway's spot on the "Today" show. Daly wants a voice in the production of the program: NBC just wants somebody to read what's handed to him.

In cause you think that a lot of television seems familiar to you, it probably is. During this week alone a total of 47 programs will be repeating shows—and it's going to get even more repetitious before the month is out.

Recommended tonight: "Bringing Up Buddy," CBS, 8:30-9:30; "Whispering Smith," NBC, 9:30-10:30; "Adventures in Paradise," ABC, 9:30-10:30; "Peter Gunn," ABC, 10:30-11:00—the only new programs on the networks' schedules. All times Eastern Daylight.

Jets Sweep Pair in IL

By THE ASSOCIATED PRESS
Life begins at 3:00 sometimes, and that must be the way Joe Morgan of the Charleston Marlins feels today.

Morgan has hit in each of the 19 games he's played with the International League's first place team since he reported from the Cleveland Indians May 23. He's batting .380.

His timely hitting helped keep the Marlins in first place after Sunday's 8-5 and 2-1 sweep from Rochester. Morgan, 30, had a two-run homer in the opener and drove in the winning run in the nightcap as Charleston held on to its two game lead over the Columbus Jets.

Dykes Likes Latent Power Of Indians

CLEVELAND (AP)—"The thing about this club is that if one player can't do it, another picks him up," said Cleveland manager Jimmie Dykes. "That's what it takes to win pennants."

The observation was correct, especially in light of the league-leading Indians' doubleheader sweep from the Kansas City Athletics Sunday. It gave Cleveland 25 victories in the last 31 games.

The Tribe increased the margin to 1½ games over runnerup Detroit with 7-3 and 4-3 triumphs over the A's. Chuck Essegian and southpaw pitcher Dick Stigman were the new heroes.

When Jimmie Piersall was sidelined with a heel injury in the first game after getting two singles and raising his league-pacing average to .371, Essegian took over in center field.

The Indians were trailing 3-2 in the seventh inning when Essegian drilled a two-run homer that traveled 440 feet over the left center field fence. Two runners were aboard when Essegian came up in the eighth and this time he slammed the ball into the left field seats.

Essegian did the job in the nightcap, too, rapping a tie-breaking double in the ninth inning.

Stigman, sidelined since spring training with a sore arm, pitched one-hit ball for four innings to win the first game in relief. He struck out six with a blazing fast ball and a sharp curve. The only hit was a bunt by speedy Dick Howser.

Barry Latman nailed down his sixth triumph in relief without a loss in the second game, although he gave up his first run after 16 1-3 scoreless frames.

Dunlap One of 3 Directors On Conservancy District

John H. Dunlap Jr., Route 1, Williamsport, has been appointed as one of three directors for the new Scioto Conservancy District.

Dunlap, prominent Pickaway County farmer and businessman, was appointed Saturday when the five judges of the new district met in Columbus. Voting on the appointments were Judge William Ammer of the Pickaway County Common Pleas Court, Judge Kenneth L. Sater of Franklin County, Judge Howard Goldsberry of Ross County, Judge Earl D. Parker of Pike County and Judge Vernon Smith of Scioto County.

Dunlap, nominated for the post by Judge Ammer, will serve a 7-year term. The other two directors are Virgil Minch, executive

vice president of the Mead Paper Co. in Chillicothe, and Jacob A. Meekstroth, former editor of the Ohio State Journal in Columbus. Meekstroth's term is five years and Minch's three years.

The Pickaway County director has an extensive background concerning the conservancy district, having served 12 years on the old board before it was dissolved. He owns or manages 14,000 acres of farmland in southern Ohio and has shown deep interest in flood control, water supply and conservation for many years.

DUNLAP, 56, is a graduate of Ohio State University and the father of three children. Along with conservationist Donald Archer, he has built numerous lakes on his farms to control and store water in addition to planting trees and other plant life as factors against erosion.

Minch, 37, currently serves on the Water Pollution Control Federation, the American Water Works Assn. and the National Council of Stream Improvement and has had other affiliations helpful to his new post.

Meekstroth, 72, covered the 1931 flood as a reporter and covered the Ohio General Assembly session which enacted the Ohio Conservancy District Act the following year. He has been associated with the Ohio Forestry Assn., Friends of the Land, Ohio Federation of Soil Conservation Districts and the Ohio Historical Society.

Judge Ammer today said the Scioto Conservancy District Judges were enthusiastic over their choice of directors. He pointed out that all have been active in fields of conservation work.

Judge Sater, presiding district judge Saturday, said indications are the directors initially will work toward a program of flood control which eventually can be expanded toward water supply, conservation and other projects.

According to Judge Ammer the new judges will be asked to meet as soon as possible. He said they are slated to select a chairman and appoint an attorney at the first meeting.

ANOTHER step will be the adoption of a flood control program

for the district. The directors probably will work in close cooperation with the U. S. Corps of Engineers which has scheduled a public hearing July 6 in Columbus.

This hearing will deal with preparing a survey report on the Scioto River and tributaries with a view of providing improvements for flood control and allied purposes. All phases of water resources development will be considered, including flood control, water supply, low flow augmentation, hydroelectric power, general recreation and fish and wildlife conservation.

Judge Ammer said about \$200,000 remains from the old Conservancy District Fund. He said present plans indicate the federal government will partly subsidize projects undertaken and that other money will come from assessments on landowners according to benefits derived.

Ohio Methodist Ministerial Appointments Are Announced

COLUMBUS, Ohio (AP) — Following are some of the ministerial appointments made Saturday in the Ohio Conference of the Methodist Church:

Chillicothe district
Albany—Earl J. Russell, from South Salem.

Adlai Feels U.S.-Brazil Ties Are Good

RIO DE JANEIRO, Brazil (AP) —Adlai E. Stevenson winds up his Brazilian visit today apparently satisfied the United States will be able to work closely with President Janio Quadros.

Because Quadros has been following an independent line since he took office in January, his attitude was a particular concern of Stevenson's on his Latin-American tour as special envoy of President Kennedy.

Details of Quadros' two-hour, 15-minute talk with Stevenson Sunday at Sao Paulo were not disclosed but it was obvious they got on well together.

Stevenson said he was comforted by the extent of agreement and that he looked forward to an era of greater cooperation between the two countries.

Quadros embraced Stevenson warmly and later asserted relations between their countries are good.

It has been known for some time that Quadros was unhappy about the United States' Cuban policy. He has been urging hands off since the ill-fated April invasion of the island.

Stevenson, nearing the halfway mark of his 18-day Latin-American tour, also has been finding other countries cool toward further action against the regime of Cuban Prime Minister Fidel Castro.

B-50 Freight Derails On Curve near Leesburg

HILLSBORO, Ohio (AP)—Traffic on the Baltimore & Ohio Railroad line has been held up while work crews toiled to repair tracks damaged by a derailment Sunday. Officials said 11 freight cars, an engine and caboose were derailed on a curve between Leesburg and East Monroe in northern Highland County. No injuries were reported.

Parolee Turns Self In After Stepson Is Killed

CINCINNATI (AP)—Cincinnati police are holding John McIntosh, 48, who turned himself in Sunday shortly after his stepson, Michael W. McIntosh, 31, was shot to death. The elder McIntosh was paroled from Ohio Penitentiary last August after serving eight years of a life sentence in connection with the fatal shooting of Carl Hyatt of Cincinnati.

A Raise, but...

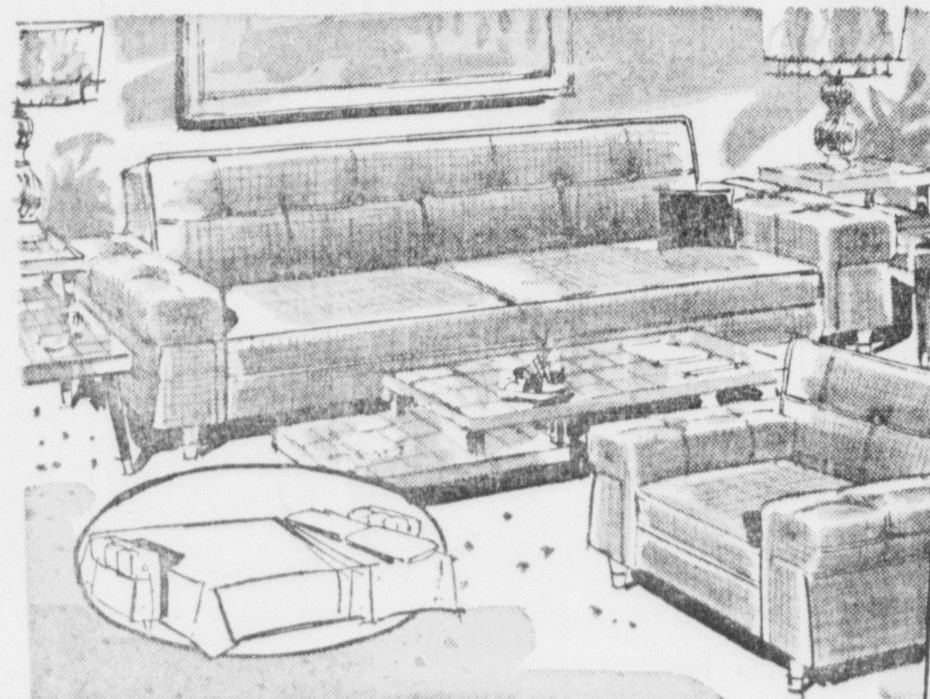

OLEAN, N. Y. (AP) — Bernard P. Gill, an attorney for the Olean school board, was told at a meeting that he would get a \$50 raise for the next six months. And he was told later in the same meeting that his job was to be abolished.
